Rule 11a. (1) The department and the board, acting jointly, shall review

and approve the form and content of the examination or other test.

(2) The examination for a master or journeyman electrician license shall be a written examination that consists of questions that are designed to test an individual's knowledge of all of the following:

(a) The act.

(b) Any rules promulgated pursuant to the act.

(c) The provisions of Act No. 230 of the Public Acts of 1972, as amended, being S125.1501 et seq. of the Michigan Compiled Laws.

(d) The electrical code adopted pursuant to the provisions of section 4 of Act No. 230 of the Public Acts of 1972, as amended, being S125.1504 of the Michigan Compiled Laws.

(e) An electrical code adopted under section 8 of Act No. 230 of the Public Acts of 1972, as amended, being S125.1508 of the Michigan Compiled Laws.

(f) The theory relative to the codes specified in subdivisions (d) and (e) of this subrule.

(3) The electrical contractor examination, fire alarm contractor examination, and sign specialty contractor examination shall consist of a written examination that is designed to test an individual's knowledge of all of the following:

(a) The act.

(b) The provisions of Act No. 230 of the Public Acts of 1972, as amended, being S125.1501 et seq. of the Michigan Compiled Laws.

(c) The administration and enforcement procedures of any code that is adopted under section 8 or 9 of Act No. 230 of the Public Acts of 1972, as amended, being S125.1508 or S125.1509 of the Michigan Compiled Laws.

(4) To qualify for a license, an applicant shall receive a minimum examination grade of 75%.

(5) The examination for a fire alarm specialty technician license shall be a written examination that consists of questions which are designed to test an individual's knowledge of all of the following:

(a) The act.

R 338.1013a Reexaminations for master and journeyman licenses, fire alarm specialty technician license, or sign specialist license; course approval.

Rule 13a. (1) The examination fee will be forfeited if an applicant fails to receive a passing grade on an examination for a journeyman or master license, fire alarm specialty technician license, or a sign specialist license.

(2) If an applicant for a master electrician license or journeyman electrician license fails 2 examinations within 2 years, he or she shall be ineligible to qualify for another examination for 1 year. After 1 year, an applicant may qualify for reexamination by submitting an application for reexamination on a form provided by the department. The application for reexamination shall include documentation of the successful completion of a board-approved course in the provisions of the electrical code, electrical fundamentals, or electrical theory.

(3) When an applicant for a sign specialist license fails 2 examinations within 2 years, he or she may qualify for reexamination by submitting an application for reexamination on a form provided by the department. The application for reexamination shall include documentation of the successful completion of a board-approved course in the applicable provisions of the electrical code and electrical fundamentals.

(4) All of the following types of courses may be approved:

(a) University, college, and community college courses.

(b) Home study courses, such as videotapes, audio cassettes, and correspondence courses.

(c) Private contractor technical courses.

(d) Association programs that are sponsored by professional trade organizations and inspector organizations.

(e) Training that is sponsored by nationally recognized, model code-promulgating organizations.

The board may approve other educational or training programs which are offered by a provider and which address the categories listed in subrule (2) of this rule.

R 338.1015a Licenses; issuance.

Rule 15a. (1) The department shall issue a license only after an applicant has successfully completed all of the requirements of the act and these rules, including receiving the minimum passing grade prescribed in R 338.1011a, and has paid the license fee prescribed in the act.

(2) An applicant who qualifies for an electrical contractor license and who holds a master electrician license shall be issued a license upon completion of a form provided by the department.

(3) An applicant for an electrical contractor license who employs a master electrician to supervise all electrical installations in order to qualify for a contractor license shall furnish a notarized statement from the master electrician that certifies all of the following with respect to the master electrician:

(a) Residence in this state.

(b) Full-time employment by the contractor.

(c) He or she does not represent any other person, firm, or corporation as its master electrician.

(d) He or she does not represent any other person, firm, or corporation as the licensee in a business or industrial setting through an affidavit that is signed by the employer and the licensee as referenced in R 338.1039a.

(4) If a master electrician ceases to represent an electrical contractor, the contractor shall have 30 days in which to designate an employee or officer who is a licensed master electrician to qualify for the contractor license. After the 30-day period, the contractor license is not valid and shall be renewed in accordance with the requirements of these rules. Both the electrical contractor and the master electrician who is employed by the electrical contractor shall notify the board within 10 business days of any changes in the employment status of the master electrician.

(5) Before an electrical contractor license is issued, an applicant shall also pay the amount required under Act No. 497 of the Public Acts of 1980, as amended, being S570.1101 et seq. of the Michigan Compiled Laws, which amount shall be paid to the department of commerce for deposit into the homeowner construction lien fund.

(6) An applicant who qualifies for a fire alarm contractor license and who holds a fire alarm specialty technician license shall be issued a license upon completion of a form provided by the department.

(7) An applicant for a fire alarm contractor license who employs a fire alarm specialty technician to supervise all installations of fire alarm system wiring and equipment shall furnish a notarized statement from the fire alarm specialty technician that certifies all of the following with respect to the fire alarm specialty technician:

(a) Residence in this state.

(b) Full-time employment by the contractor.

(c) He or she does not represent any other person, firm, or corporation as its fire alarm specialty technician.

(8) If a fire alarm specialty technician ceases to represent a fire alarm contractor, the contractor shall have 30 days in which to designate an employee or officer who is a licensed fire alarm specialty technician to qualify for the contractor license. After the 30-day period, the contractor license is not valid and shall be renewed in accordance with the requirements of these rules. Both the fire alarm contractor and the fire alarm specialty technician who is employed by the fire alarm contractor shall notify the board within 10 business days of any changes in the employment status of the fire alarm specialty technician.

(9) Before a fire alarm contractor license is issued, an applicant shall also pay the amount required under Act No. 497 of the Public Acts of 1980, as amended, being S570.1101 et seq. of the Michigan Compiled Laws, which amount shall be paid to the department of commerce for deposit into the homeowner construction lien fund.

(10) An applicant who qualified for a sign specialty contractor license and who holds a sign specialist license shall be issued a license upon completion of a form provided by the department.

(11) An applicant for a sign specialty contractor license who employs a sign specialist to supervise all installations, maintenance, connections, and repair of electric signs and related wiring shall furnish a notarized statement from the sign specialist that certifies all of the following with respect to the sign specialist:

(a) Residence in this state.

(b) Full-time employment by the contractor.

(c) He or she does not represent any other person, firm, or corporation as its sign specialist.

(12) If a sign specialist ceases to represent a sign contractor, the contractor shall have 30 days in which to designate an employee or officer who is a licensed sign specialist to qualify for the contractor license. After the 30-day period, the contractor license is not valid and shall be renewed in accordance with the requirements of these rules. Both the sign contractor and the sign specialist who is employed by the sign contractor shall notify the board within 10 business days of any changes in the employment status of the sign specialist.

(13) Before a sign specialty contractor license is issued, an applicant shall provide evidence of public liability insurance, which shall not be less than \$1,000,000.00 of coverage.

(14) A license shall expire on December 31 of each year and shall be renewed as prescribed in R 338.1016a.

R 338.1017a Code update courses; instructors; standards.

Rule 17a. (1) The board shall approve instructor-provided code update courses that are in compliance with the requirements of the act and these rules.

(2) Instructors shall be licensed as master or journeymen electricians or shall be approved by the board.

(3) A course for master and journeyman electricians shall consist of not less than 15 contact hours of instruction in changes in the code and basic code book usage.

(4) A course for fire alarm specialty technicians shall consist of not less than 15 hours of instruction in changes in the code relating to fire alarm systems and basic code book usage.

(5) A course for sign specialists shall consist of not less than 8 hours of instruction in changes in the code relating to electric sign wiring and basic code book usage.

(6) A certificate of completion shall be issued to a person who has successfully completed the code update class with a passing grade and required attendance. The certificate shall contain all of the following information:

(a) A course approval number as granted by the board.

(b) The name and address of the school, college, organization, company, or person who sponsors or administers the course.

(c) The date the certificate was issued.

(d) The student's name and address.

(e) The instructor's signature certifying that the applicant completed the course as described in subrule (3) of this rule.

R 338.1018a Submission process and approval for code update course and instructor.

Rule 18a. (1) A provider of a code update course shall apply for approval by submitting information on an application provided by the bureau. The information shall be evaluated by the board pursuant to the requirements of R 338.1017a.

(2) An application shall contain all of the following information:

(a) The name and address of the applicant.

(b) The name of the instructor and his or her license number where applicable.

(c) A copy of the teaching outline for the program.

(d) A determination of the number of contact hours that are required to conduct the course.

(e) A description of the criteria that is used to identify program participants who successfully complete the course.

(3) Approval of a course shall be evidenced by a course approval report that is prepared by the department and issued to the applicant. The report shall include all of the following information:

(a) The name and address of the applicant.

(b) A course identification number.

(c) The date of approval.

(d) The conditions of approval.

(e) The period of approval.

(4) A course or an amendment thereto that has been approved shall not be altered without prior authorization by the board. All changes shall be made a part of the written record of approval. The authorization shall be in writing. The board shall be notified immediately of any instructor changes.

(5) The board may withdraw the approval of a course if the approval was issued in error, if the approval was issued on the basis of incorrect information, or if the course is found to be in violation of these rules. Notice of withdrawal of approval shall be in writing and shall set forth the reason for the withdrawal of approval. An appeal from the withdrawal of approval shall be processed pursuant to the provisions of Act No. 306 of the Public Acts of 1969, as amended, being S24.201 et seq. of the Michigan Compiled Laws.

R 338.1022a Minor violations and fines.

Rule 22a. All of the following violations are minor violations and carry the following prescribed fines:

(a) Failure of a contractor to apply for a required permit before

commencing electrical work. The fine is \$25.00. If the permit application is not received by the enforcing agency within 8 business days, an additional \$50.00 fine is assessed. Receipt of a permit application is verified by the postmark or date of receipt on the fee. (b) Failure of an apprentice to register with the board as required pursuant to the provisions of section 3e of the act. The fine is \$5.00. An additional fine of \$50.00 shall be assessed if an apprentice fails to register within 15 business days of notification.

(c) Failure to produce pictured identification and a license or apprentice registration within 1 business day after requested by an inspector of the enforcing agency. The fine is \$25.00. If the identification and the license or apprentice registration specified in this subdivision is not produced, an additional fine of \$75.00 shall be assessed after 3 business days.

(d) Late renewal of a license or license registration. For late renewals, the fine is \$50.00 for each year that the license or license registration is not renewed up to 3 years. This fine is in addition to the license or registration fee for each year. A license that is not renewed within 3 years shall not be reissued without examination, except upon special approval by the board.

(e) Employment by an electrical contractor of a person who is in violation of the provisions of subdivision (b) or (c) of this rule. The fine is \$25.00. If the employed person does not register with the board pursuant to the provisions of subdivision (b) of this rule or does not produce pictured identification and a license or apprentice registration pursuant to the provisions of subdivision (c) of this rule, then the employing electrical contractor shall be fined an additional \$75.00. The fine will be imposed 3 days after the time provided in subdivisions (b) and (c) of this rule has expired.

(f) An enforcing agency shall be allowed to retain a fine imposed by this rule.

R 338.1023a Citation system; appeal process.

Rule 23a. (1) If, as a result of an inspection or investigation, an enforcing agency finds that a minor violation of the act or these rules has been committed, the representative may issue a citation.

(2) A citation may be delivered personally to the person who is charged with a violation of the act or these rules or it may be mailed by the enforcing agency to the business or residence address of the person who is charged with the violation.

(3) A citation shall be written on a form prescribed by the department and shall include all of the following information:

(a) The date and time of the violation.

(b) The name of the person who is charged with the violation.

(c) The name of the enforcing agency representative who issued the citation.

(d) A specific reference to the provisions of the act or these rules that were violated.

(e) The amount due from the person who is charged with a violation.

(f) A statement that payment due for the violation shall be paid within

10 business days of receipt of the citation.

(g) The address to which payment shall be presented or mailed.

(h) A statement informing a person who is charged with a minor violation of a right to appeal the violation.

(4) An appeal shall be made in writing and may be made in any form that is reasonable to inform the department that an appeal is requested.

(5) An appeal shall be received by the department within 10 business days of receipt of the citation.

(6) If an appeal is made in a timely manner as set forth in this rule, the amount due for the minor violation appealed shall not be due until such time as the appeal is decided.

(7) If an appeal is not made within the time constraints of this rule, the right to appeal is waived and a person who is in receipt of a citation shall not have a further right of appeal.

(8) An appeal shall be noticed for hearing and conducted by the department pursuant to the provisions of Act No. 306 of the Public Acts of 1969, as amended, being S24.201 et seq. of the Michigan Compiled Laws.

(9) When the board, at the conclusion of an appeal hearing, affirms the citation issued by the department or enforcing agency, a person shall, within 10 business days, pay the amount due.

(10) When the amount due on a citation is not paid by the time imposed pursuant to the provisions of subrule (3)(f) of this rule and is not appealed, or is not paid by the time prescribed pursuant to the provisions of subrule (9) of this rule, the board shall impose 1 or more of the sanctions listed in section 8e(1) of the act.

(11) A licensee who requests an appeal shall be permitted to appear before the department representative who is hearing the appeal and shall be given an opportunity to be heard and to present evidence.

(12) The department or enforcing agency who issued the citation shall appear at the hearing and shall be given an opportunity to be heard and to present evidence.

(13) The department representative who is hearing the appeal shall make a decision at the conclusion of the hearing, and that decision may be heard on final appeal by the board at the board's discretion.

(14) When the decision of the department representative affirms the citation, the licensee shall, within 10 business days, pay the amount due or request, in writing, a final appeal before the board.

(15) When the amount due on a citation is not paid by the time imposed pursuant to the provisions of subrule (3)(f) of this rule and is not appealed, or is not paid by the time prescribed pursuant to the provisions of subrule (14) of this rule, the board shall impose 1 or more of the sanctions listed in section 8e(1) of the act.

R 338.1039a Master electricians; permits; representation; notification of changes in affidavit.

Rule 39a. (1) If business or industrial procedure requires the regular employment of a person who is licensed pursuant to the provisions of the act, a person, firm, or corporation may employ a licensed master electrician to actively supervise the installation of electrical equipment on the premises owned and occupied by the person, firm, or corporation. The master shall secure all necessary permits. An affidavit form that is furnished by the board shall be signed by both the employer and the licensed master electrician and shall contain all of the following information:

(a) The name and business address of the person who employs the licensed master electrician.

(b) The name, address, and current license number of the licensed master electrician.

(c) The license number and name of the licensing authority.

(d) A statement to the effect that the employer and the licensed master electrician are responsible for exercising the supervision and control of the electrical operations necessary to secure full compliance with the act, these rules, and all other laws and rules related to the installation of electrical equipment in this state.

(2) A licensed master electrician shall not represent more than 1 person, firm, or corporation as the licensee in a business or industrial setting through an affidavit that is signed by the employer and the licensee.

(3) A licensed master electrician who is employed in a business or industrial setting and his or her employer shall notify the board immediately of any changes in the written affidavit that is signed between the employer and the licensee.

(4) The affidavit becomes invalid 30 days after the designated licensed master electrician ceases to be an employee of the person, firm, or corporation.
