Residential Generators	Swimming Pools, Gas Stations	Wind and Solar
Info on digital plan review, Record keeping, Permits using digital applications	692 Fuel Cells, 682 Bodies of water	Wind Power, PV, Fire Pumps
	Plan Review, Specialty, Administration	As the Committee Decides

### What Can We Do Better

1st Meeting Very Good, Love to come back	Alternative dates are more important than place	Class was worth the money. Best class taken so far.
All is good	Banquet style was great!	Cookout fee Optional
Don't think we should add dinner at any meeting.	I think you are doing a great job.	Only need to have better sound system, Buy the sound system
Doing a great job, Thanks	Give Guests program for free	Great Job!, Don't Change
I thought it was a great 2 days	It was a very good program	Like Group Dinners
Meals inside not outside	Not Much Well Done!	Ran out of rooms in 3 days
Too much wasted on breaks	Warmer Meeting Room	Why Change, GREAT PROGRAM
Use this program as template went very well.	Have presenters were Hawaiian Shirts. Karoke in Hospitality Room	How do you justify cost of program more accountability requested,
Seminars with books	Snacks	SOUND SYSTEM
With Full Breakfast I think sandwiches would be fine for lunch. Even though the food at this meeting was great.		
Reservation form needs rewording or another form provided for 3rd party providing or submitting.		

### Comments

Banquet style great need better access to mics	Dinners only up north not in detroit, lansing or GR	Food Great, Seating ok, as long as noone has back to speaker
Food Keep cost down, Good food at this meeting!	I think this was the best IAEE Meeting in 6 years I've come	No Need for cookouts at every meeting.
Keep the dinners the same	Dinner at each meeting great	Start West Michigan Chapter
Love the round table rather than classroom. No Extra Dinners	Its had to deliver this type of material and not lose the crowd. But I was interested the entire time, maybe more interaction.	
If we do update at annual meeting need different PA 54 number. Consider a dual program ie. Update 1 room something different in another if the hotel arrangement allows.		
I really enjoy the hospitality room because you can talk to other inspectors and electricians to learn more about things that pertain to your situation and how others handle it.
