What Can We Do Better

| | | |
|--|--|---|
| Maybe go through overview of load calculation problem then give actual problem to work on. | On Code Questions keep on topic. Also those that like to hear themselves talk maybe shouldn't be on panel. | Provide IAEI Shirts, pens, etc, for sale at meeting. Could be a revenue stream for Michigan chapter |
| More Interaction | Start at 7:00 | Keep up good work |
| Get more younger people interested in IAEI | More time for program such as the load calc | The June meeting should be further north not Mt. Pleasant |
| Code Breakfast is a good idea | Keep costs in check (shop around) | Make presentation available on-line |
| International Speakers | Doing Great Job Now | Great job |
| On-Line Training (Imperative) | Tables and chairs | Doing Well |
| Do another code update class | Frankenmuth in Summer | Keep up the good work |
| More interactive assignments, Longer code panel, 1 hour limits on speakers | Put the code panel questions on the website | Continue to provide technical experts in the program |

| Overall the meetings are well put together. | Mark Ode had great presentation and jokes! | Interactive sessions were good, learned a lot |
| Michigan energy code updates? | Meeting Great | Very good Program |
| Enjoy programs and information | You guys are awesome | Thanks for a great program |
| New sound system - Worth every penny! | Excellent program and value for the meeting | Seating arrangement was excellent. Round table Good. These programs are well organized. Nice Job. |
| Allow some time for members to check out from Hotel | Fewer questions or more time code breakfast and load calculations | Like the round tables instead of the long row of tables |
| Great job by all Thanks | One of your best meetings | Need Meetings in the UP |
| Calculations need more review | Keep up the good work. | Great Program Thank You |
| Love the Sound System | Make sure hotel will take city check | Seating much better than long tables |
| Acknowledging Mark Shapiro with a \$15,000 Donation is a very good idea! | Thank you for all who help provide the training programs | Use Mark Ode again or Johnson for code updates |
