Written Comments Received From the 2018 Annual Meeting Survey

Programs You Would Like to See

Solar (7)	Grounding/Bonding (7)	Fire Alarm Type (4)
Energy Code (3)	Plan Review (3)	Motors (2)
Article 500	Article 695	Article 702
Energy Storage	Article 705	Code Panel
ADA Standards	Critical Operations	Gen & Transfer Switching
Wind Energy	Sizing Services and Loads	Safety for Inspectors
Fire Alarm system and Inspections	Inspector Testing/Witness Requirements	Have Dave Continue class on Services
IT Rooms, Fire Pump Rooms and Circuits	How to do the math, AIC, Motor, SSPD, Ohm	Smoke & CO2 Placement in Residential
Communication/Conflict Resolutions	POE Lighting & other POE Equipment and applications	Update class on NEC Articles 430-490
Motor and Appliance protection	Code Update on 2017 Michigan Code	IGS Cable Installation
Installation practices in commercial grow operations		

What Can We Do Better

Attracting younger members	Doing Great (3)	Nothing (2)
More Vendors	Weekend Meetings or 1 day	More Sessions!
Mark on/off on Microphone	Breakfast	I am happy with the agenda
Make sure the program is focused on inspection requirements and not design.	For those vendors that approve have PowerPoint posted to website	Limit sessions to 1 hour, more than 1 hour is not fair attendees or speakers
We (Myself also) are not referring to the MRC for 1-2 family dwellings	Marijuana grow facility requirements, Anything Specialty	Less taking while meeting is going on
Sitting legs more shorter breaks	Thursday evening Karaoke	Tables were tight and not enough

Comments

Excellent job by everyone	Great program and meals!	Frankenmuth in Summer
Good to see Inspector Training	There were people up front at the banquet that were loud and rude. Disappointing.	
There is a great pool of electrical knowledge in this group. Please consider other methods and means to tap into the knowledge base to keep the MI IAEI moving forward. It is stagnant now. Please know all volunteers are appreciated., but encouraging other outside the "Core Group" can enhance the efficiency and experience for this organization.		
I am new to this organization (but over 50) But would be happy to help as needed.	If people can't behave in the Hospitality Room its time to stop having one.	Reduce the membership rates. The "Bang for your Buck" is a bit specious.
Good Meeting	Smile	Great Program
Maybe change facility for code update	Much better than the Summer Meeting	Need more information on Inspectors school
Perhaps consider having multiple breakout sessions. While it requires more space, the session offer smaller groups and typically fore participation.	There are a disproportionate amount of officers to members	
The chief MI Inspector should be the final speaker on the first day. This will maintain retention of members at the end of the day.		
Provide IAEI Coffee sealed insulated cups	Very Well Balanced and Technical	Nicely Done, Good Job
Encourage more vendor/industry support	The board seems to recycle members, this discourages new or younger from participating.
